He traces the history of racial discrimination from the end of the Civil War through the Jim Crow era of segregation. After years of enduring separate facilities—including
water fountains, telephone books, hospitals, and cemeteries—for whites and blacks, Fremon shows how African Americans and their white supporters were eventually able to win the battle for equal rights. This book is developed from THE JIM CROW LAWS AND RACISM IN AMERICAN HISTORY to allow republication of the original text into ebook, paperback, and trade editions. Year: 2014. Language: english.
